

Minutes from SNPAAC Meeting October 25, 2018 1:30 PM

- Meeting called to order by Sandy Brown.
- Sandy Brown read “old minutes” Tina Godsey approved and seconded by Krystal Newson.
- Discussion was done about the wellness committee checklist. Copies were not available at this time but would be sent out in an attachment later: these were e-mailed out on 10/26/2018 in an attachment by S. Brown R.N. Members should print a copy of the checklist and bring it with them to all meetings.
- Discussion about scoring the modules online and who was responsible for each module, all members know who is responsible for their assigned Modules. Module 8 has been changed to Module 10 & 11 (Parental/Community Involvement Modules). These 2 modules are required to be completed now instead of module 8. Tobacco questions will need to be addressed this year on the required modules that have those questions. Last year we were “flagged for this” we were not able to address due to our modules being opened and already in the process of being scored. Nutrition and Physical Activity information will also be needed. Modules assigned, need to be completed on-line and submitted by the February meeting.
 - Discussed the website is now open at <https://www.cdc.gov/healthyschools/shi/> for the year 2018/2019 school year. A correction was noted on the high school reference number: Well226226 from the Agenda that was sent out previously.
- Elementary Extended recess- Pilot Program is off to a great start. A schedule of recess times needs to be in the Committee folder. Discipline reports are being kept in office and results will be reported at the end of the year. The extra recess will not be taken away from any student for behavior reasons. Anna Claire Smith 6th grade committee member added many favorable comments about extended recess and our fresh fruit and vegetables grant program.
- Fresh Fruit and Vegetables Program in the Elementary is being teamed up with the extra recess, with it being available on Tuesdays and Thursdays. An extra day may be included depending on extra fruit or vegetables available. The “kinks” are being worked out and tweaked. Mrs. Kennemore has requested a cooler for the fruit and vegetable storage as reported by Judy Herron. Fresh Fruit and Vegetable Program in the Jr. High is available on Tuesday, Wednesday, and Thursday between 6th and 7th period along with sometimes on Fridays if available to keep it from spoiling. This grant will be on a year to year basis as we will need to apply each year. The grant program is successful with the only problem being trash. Which is being looked at and a plan is being made by the Gosnell EAST program in order to help with the trash issue.
- Gosnell High School has a “Grab and Go” program that is offered to students between 1st and 2nd periods- available in the hall at cost depending on their meal status. This program began last year and has had an overall good response.

- Mr. Evans explained that there are required information that has to be placed on the District Website under the SNPAAC, which stands for School Nutrition and Physical Activity Advisory Committee. He further stated that one of the requirements is “a Statement of how community members may get involved with the SNPAAC”. Committee members discussed who would be best to provide this plan and since it is about community involvement, Mrs. Godsey asks Mrs. White of the parent center to get with Mrs. Bowdler since she is the parental involvement coordinator and make a planned statement to add. Mr. Evans says that he can add the information to the website as long as he gets this information. Meeting dates, agendas and minutes will need to be added to the website. Mr. Evans will add information to the website, but it is the members who will be giving the info that is needed.
- Judy Herron- Food Services Director will email the committee the lunch menu for the next 6 weeks rotation and will be placed in this year’s folder. Received them on October 26th 2018 and placed a copy in the Committee folder.
- The dates for our meetings this year will be: December 20, 2018 at 1:30 in the Elementary Conference Room and February 21st 2019 at 1:30 and April 25th 2019 at 1:30.
- Members that were in attendance: Kevin Evans, April White, Keeli Smith, Melissa Crawford, Shannon O’Neal, Anna Claire Smith, Tina Godsey, Judy Herron, Krystal Newsom, Sandy Brown, Jackie Camp
- Items need for next meeting: Extended recess schedule, Wellness checklist, Statement from Community/Parental involvement facilitator.
- Tina Godsey made a motion for meeting to adjourn with Judy Herron with the second.
